Registration

Registration and participation is **FREE** for this webcast series, but pre-registration is mandatory. Applicants will receive notification of their enrollment status as well as connection instructions via e-mail.

Register online at: <https://www.heartlandntbc.org/training/>

*****The registration deadline for this program is Monday, September 26, 2022*****

Target Audience

This webcast series is intended for panel physicians who examine, evaluate and provide clearance for immigrants, refugees, and adoptees to the U.S. The series is also open to U.S. providers who may see children after being evaluated overseas.

Conference Goal

Using highly interactive lectures and case studies, this webcast will provide participants with an overview of the timely diagnoses of tuberculosis using radiology as a tool, as well as the radiographic manifestations of tuberculosis in children, adolescents and pregnant persons.

Important Dates!
