SYSTEM REQUIREMENTS

To access and view this training event, you will need a computer with internet access. Audio for this web-based training will be through your computer's speakers. We recommend that you check your system for compatibility and connectivity prior to the event. Instructions to test your system will be sent with registration confirmation. If you have any questions about connectivity or audio, please contact Phillip.Ring@uttyler.edu.

TARGET AUDIENCE

This webcast is intended for physicians and advanced practice registered nurses working in public health and involved in the diagnoses and management of tuberculosis, particularly those caring for pediatric and adolescent populations.

WEBCAST OBJECTIVES

At the end of this webcast, participants will be able to describe key epidemiologic, clinical, and psychosocial factors influencing tuberculosis in pediatric and adolescent populations.

OUR VISION

The vision of Heartland National TB Center is to be the most patient-conscious, professional healthcare organization focused on TB elimination while supporting public health and private partners in our communities.

OUR MISSION

The mission of Heartland National TB Center is to collaborate with public health partners throughout Texas to reduce the impact of TB through state-of-the-art training, innovative educational and consultative resources.
