****The registration deadline for this program is Wednesday, December 9, 2026****

SYSTEM REQUIREMENTS

To access and view this training event, you will need a computer with internet access. Audio for this web-based training will be through your computer's speakers. We recommend that you check your system for compatibility and connectivity prior to the event. Instructions to test your system will be sent with registration confirmation. If you have any questions about connectivity or audio, please contact Lauren.Warren-Fields@uthct.edu.

TARGET AUDIENCE

This educational activity is designed primarily for physicians and advanced practice registered nurses involved in the diagnosis and management of tuberculosis, particularly those caring for pediatric and adolescent populations.

WEBCAST OBJECTIVES

At the end of this webcast, participants will be able to apply evidence-based diagnostic approaches, including chest radiograph interpretation to support timely identification of pediatric TB.

OUR VISION

The vision of Heartland National TB Center is to be the most patient-conscious, professional healthcare organization focused on TB elimination while supporting public health and private partners in our communities.

OUR MISSION

The mission of Heartland National TB Center is to collaborate with public health partners throughout Texas to reduce the impact of TB through state-of-the-art training, innovative educational and consultative resources.
